

Amsterdam 2018 Sponsorship Pack

This is your chance to be part of bringing powerful art, social change and community empowerment to the 2018 International AIDS Conference and Gay Pride in Amsterdam, reaching our diverse audiences of women, LGBTQ+ and migrants.

Sex Worker's Opera is created and performed by Sex Worker artists and friends, based on experiences of our own and from around the world,

Our award-winning repeat-sellout show features arias, hip-hop, pole dance, sound art stories from Singapore, projected webcam poetry from Brazil and finds the personal, complex, real sides of sex work... not 'good', not 'bad' - simply human! The reviews say it all: [2015](#), [2016](#), [2017](#), [Twitter](#)

***"What every great opera should do"* – Royal Opera House, England**

Alongside the two hour spectacle we are running workshops for local women's, LGBTQ+ and migrant communities to include sex workers in more spaces and build support systems across social movements.

Our unique project combines marginalised voices, cultural transformation and direct discussion around public health policy and the safety of stigmatised groups. Too long opera has misrepresented us.

It's time to take the arts back with fire and grace!

We are looking for new collaborations to make July 2018 possible.
